

# CHERRY PICKER TRAINING COURSE

Luft Training Services are an Independent forklift truck training centre. We train operators on, Cherry Pickers, Counterbalance, Reach, Bendi, Side Loaders, rough terrain, electric and manual pallet truck plus many more.

**Cherry Picker training** is not in any way an option for companies operating Cherry Picker trucks on its property. Regulations require all employers to take reasonable steps to ensure the safety among their employees, but courts are always going assign liability to managers and companies who fail to ensure their workers have been correctly trained and hold the appropriate certification.

**Cherry Picker Training** is available to businesses and individuals across West Sussex and East Sussex to include Chichester, Bognor Regis, Littlehampton, Worthing, Lancing, Hove, Brighton and all surrounding areas. If you are not sure if we cover your area please call us or use our contact form page as member of the team are always happy to assist you.

## CHERRY PICKER TRAINING COSTS

It's a well-known fact that there are companies out there which offer Cherry Picker Training courses on a pay monthly cost, this involves signing up for finance and usually incurs a very high interest rate and in some cases a deposit.

Normally these companies do not train their pupils direct and ultimately request quotes from companies like us. At Luft Training Services our Cherry Picker Training costs are both competitive and low so you can afford to go direct.
