

COUNTERBALANCE FORKLIFT TRAINING COURSE

Luft Training Services are an Independent forklift truck training centre. We train operators on, Counterbalance, Reach, Bendi, Side Loaders, rough terrain, electric and manual pallet truck plus many more.

Counterbalance forklift training is not in any way an option for companies operating counterbalance forklift trucks on its property. Regulations require all employers to take reasonable steps to ensure the safety among their employees, but courts are always going assign liability to managers and companies who fail to ensure their workers have been correctly trained and hold the appropriate certification.

Counterbalance Forklift Truck Training is available to businesses and individuals across West Sussex and East Sussex to include Chichester, Bognor Regis, Littlehampton, Worthing, Lancing, Hove, Brighton and all surrounding area's. If you are not sure if we cover your area please call us or use our contact form page as a member of the team are always happy to assist you.

FORKLIFT TRAINING COSTS

It's a well known fact that there are companies out there which offer Counterbalance Forklift Training courses on a pay monthly cost, this involves signing up for finance and usually incurs a very high interest rate and in some cases a deposit.

Normally these companies do not train their pupils direct and ultimately request quotes from companies like us. At Luft Training Services our Counterbalance Forklift Training costs are both competitive and low so you can afford to go direct.

Cost of courses are as follows

Refresher course: £175.00

Experienced Driver Course £325.00

Novice Course: £465.00

Duration of these courses:

There are three types of Counterbalance training courses held,

1. One Day refresher course is only for operators who have had previous training on the equipment and need to renew their certificate.
2. 2 Day experienced course is for operators with previous accredited training but have not had a refresher for over 3 years.
3. 3 Day novice course is for operators who have had no accredited training previously.
