

PIVOT FORKLIFT TRAINING COURSE

The Pivot Steer Forklift Truck is commonly used in industry for both inside of a warehouse but is ideal for very narrow aisle work as the mast can be rotated 90° to either side of the truck. The Pivot Steer forklift truck can also be known as a Flexi Truck, Bendi Forklift Truck or Turret Truck.

Operators of the Pivot Forklift Truck are required to hold a certificate of training which shows they have attended a training course and passed a test to a set national standard. Luft Training Service Ltd will cover all the legislation's that are relevant to **NARROW AISLE PIVOT STEER TRUCK** driver training, will cover theoretical, pre-operational and practical tests. On the successful completion of a basic operator training.
